

ILLUSTRATIVE MODEL • LINKEDIN CONTENT PRODUCTION

4 hrs
for 12 carousels a month

12 carousels a month. 4 hours total. The rest is pipeline.

A LinkedIn carousel takes 2-4 hours from idea to published. Multiply by 12 and you've lost half a week. The factory cuts that to 20 minutes per carousel – final review only.

BUILT BY HAND	FACTORY APPROACH
Time per carousel 2–4 hrs	Time per carousel 20 min
Carousels / month 3–4	Carousels / month 12+
Consistency When free	Consistency Every week
Design variation High effort	Design variation Auto-templated

The factory flow

01 Topic + audience in one sentence brief	02 AI generates 10-slide structure hook, body, CTA
03 Slides auto-formatted brand template applied	04 Review + approve (20 min) only human touchpoint
05 Scheduled for the week	optimal time auto-set

LinkedIn present but underperforming?

Reply "CAROUSEL" and I'll sketch your factory setup – free, no call needed.
